

Commissioner Larry Suffredin  
13th District  
Cook County Board  
Dear Commissioner Suffredin,

The Center for Neighborhood Technology deeply appreciates your support for the Transit Future campaign to expand public transportation in Cook County. As per our conversation we would like to be able to use your signature on our web site among our list of supporters. The signature would be used to verify your support of the expansion of Public transportation and the jobs that it will create.

The undersigned therefore endorse:

- The implementation of projects in the GOTO 2040 Plan that support expanded reliable transit throughout Cook County.
- An advisory referendum to have a permanent funding source for the GOTO 2040 Plan transit projects placed on the March 2014 Cook County ballot.
- Advocating; for increased public awareness of the benefits of expansion of public transportation throughout Cook County.
